Labeling Walz a "tyrant," a description that echoed others' opinions about Walz, the report charged, "This guy is not only Stolen Valor, he's a complete nutcase."

It noted, "In the video you can see police officers walking the streets of Minneapolis on May 30, 2020, screaming at residents and shooting paintballs at anyone who is sitting on their porch."

The Gateway Pundit explained Walz deployed 11,000 National Guard members to the city, with reporting from the **Independent** at the time noting it was how Walz was enforcing his curfew.

The video "appears to show the Minnesota National Guard and state police ordering the residents of one street to go inside, before they turn their weapons on a group of residents. The footage captures people rushing inside the property after shots are fired and shows where one member of the public has been hit by a paintball."
